

Sample Collection Boxes

Units Feature:

- ◆ Clear glass window allows view of product
- ◆ 2" Inlet, 1 1/2" vent
- ◆ Lockable 3" discharge gate
- ◆ Wall mountable
- ◆ Small unit capacity, 6,000 grams
- ◆ Large unit capacity, 20,000 grams
- ◆ All steel, powder coated design

A complete bulk sampling system requires the use of a sample collection box. Gamet offers two sizes ensuring that your needs will be met. The small unit is suitable for use with rail and barge loading applications while the large unit is used for ship loading. Both units feature a lockable 3" diameter discharge.
